

Middle and Elementary School Curriculum Packages

Curriculum Packages...

- engage your students in quality programs related to your school improvement initiatives: STEM, problem solving, critical thinking skills, literacy, and more
- meet your curricular needs in Science, Math, Social Studies or Language Arts
- bring subject matter experts into the classroom

Focus on School Improvement Goals

Two Options Available:

1. Pre-Selected Curriculum Package

Includes:

- Bundle of quality programs, aligned to National Standards, focused on your curricular choice in:
 - Science
 - Math
 - Language Arts
 - Social Studies
- Option to select Professional Development programming, listed on www.cilc.org, which supports your curricular needs
- Ability to manage and track program usage (training included)

Packages begin at \$9,600

2. Customized Curriculum Package

CILC experts work with your team to develop unique packages that meet your school improvement goals.

Includes:

- Customized bundle of quality programs selected based on your school goals and curricular needs in Science, Math, Language Arts, and Social Studies
- Professional Development to support school improvement initiatives
- Coaching on the integration of videoconferencing content
- Report highlighting the results from utilizing this curriculum application in your classroom and the impact on your school improvement goals
- Ability to manage and track program usage (training included)
- Final report highlighting results for school boards

Packages begin at \$18,000
